## WEDNESDAY | 24th APRIL 2019

### FILM | Tomorrow

with Animation Short | **The Lost Bond**

**Wednesday 8.00-9.00pm | Siamsa Tíre | €8 /€5**

Climate is changing. Instead of showing all the worst that can happen, this documentary focuses on the people suggesting solutions and their actions. Suitable for all age groups.

Tickets available from Siamsa Tíre Box Office

## THURSDAY | 25th APRIL 2019

### EXHIBITION | **Images of Starlight**

**FREE 5.00-8.00pm | Tralee Library**

A spectacular photo exhibition by Irish amateur astronomers and photographers. This free event is organised by the Dublin-based Irish Astronomical Society (IAS) and the Irish Federation of Astronomical Societies (IFAS), Kerry County Council and Wild Mind. Exhibition continues all week.

**FRIDAY | 26th April 2019**

## FESTIVAL LAUNCH

7.00-8.30pm | The Barn

Join us Friday the 26th April at the Barn, Fenit for the official opening of Wild Mind 2019. 'We are the Ark', a talk with Mary Reynolds will be followed by the Irish Film Premiere of 'Rachel Carson'.

### TALK | We Are The Ark with Mary Reynolds

**FREE Friday 7.00-8.30pm | The Barn**

Mary Reynolds is a Chelsea gold medal winning Irish landscape designer, bestselling author and nature activist. A proud patron of Wildlife Rehabilitation Ireland (WRI) Mary strives to re-educate people how to live in harmony with nature in their own patch of land - to become guardians rather than gardeners. At Wild Mind Mary will be talking about her journey, her initiative 'We Are The Ark' and about how each person can heal their patch of the earth until we weave a patchwork quilt that wraps its way around the globe and holds the seeds to restore nature back to health. All welcome.

IRISH FILM PREMIERE |

## Rachel Carson

*She Set Out to Save a Species ... Us*

**FREE** Friday 8.45-10.45pm | The Barn

Often called the mother of the modern environmental movement, Rachel Carson rocked the world in 1962 with her book *Silent Spring*, which warned the public of the impact of pesticides on the environment and unleashed an extraordinary global debate about science and safety. At the center of that firestorm stood Ms. Carson, a strong, intensely private woman who balanced her love of the natural world and passion for writing with personal strife - including a heartbreaking battle with breast cancer. This new documentary provides an illuminating and inspiring portrait of a seminal figure whose writings changed the course of history and are relevant today more than ever. Suitable for all age groups.

**SATURDAY | 27th April 2019**

## TALK | Three Perspectives on Climate Change

**FREE** Saturday 12.15-2.00pm | The Barn

Climate Change is seen by many as the existential challenge of our generation, but there are many facets to impacts and challenges posed. This session will hear from three leading academics active in the area of Climate Change who are all originally from Tralee - Dr. Áine Ryall, Dr. Paul Deane and Dr. Rowan Fealy.

*Their talks will be followed by a panel Q&A session.*

**Dr. Paul Deane** is a research fellow specialising in Energy at the Environmental Research Institute's MaREI Centre in UCC, a member of a number of multidisciplinary think-tanks and scientific advisor to European energy projects. He is an active contributor to European policy thinking on clean energy. Paul's talk 'Memories of the Future' will examine how the past can help us understand our future energy choices.

**Dr. Áine Ryall** teaches and researches environmental law and European Union law at University College Cork. She is a qualified barrister and co-Director of the Centre for Law and the Environment at UCC. Áine's talk 'Climate Action and the Law' considers the role of law, including climate litigation, in delivering more ambitious and urgent climate action.

**Dr. Rowan Fealy** is a Research-Lecturer at NUIG Maynooth and has published widely on all aspects of climate and climate change, with particular emphasis on Ireland. He has participated in reporting to the UN, under the Framework Convention on Climate Change, and acted as an expert reviewer to the Intergovernmental Panel on Climate Change (IPCC). Rowan will talk about the how climate has changed in the past, how we understand these changes and what this information might mean for informing how we cope with future challenges. All welcome.
